

INDIVIDUAL MEMBER

Dr. Evandro Roberto Tagliaferro

is hereby granted membership and appropriate access to all the rights and privileges ISWA members enjoy.

ISWA (International Solid Waste Association) is the only international association working to ensure sustainable and environmentally friendly solutions in the waste management sector with a view to optimising and enhancing the efficiency of waste management at a global level.

The ultimate strength and potential of ISWA lies in the professional and geographic diversity of its membership – a mosaic of member communities including researchers and research centres, utilities, consultants, private and public enterprises, organisations and manufacturers. ISWA members from each of these communities represent the leading edge in their fields of speciality, and together they are building new frontiers in global waste management through interdisciplinary exchange and collaboration.
